A photograph of a cluttered desk. In the center, there are two CD storage units. The one on the left is a silver, multi-tiered carousel-style holder filled with CDs. The one on the right is a black, open, multi-tiered holder also filled with CDs. Above the CD holders, a corkboard is visible with various papers, photos, and a clock. To the right of the CD holders, there is a stack of books or magazines. In the foreground on the right, a doll with long, curly brown hair and a white face is partially visible, with its hand reaching out towards the CD holders. The text "A Look At My Favorite CDs In My CD Collection" is overlaid in yellow with a black outline.

A Look At My Favorite CDs In My CD Collection

First up, my deluxe editions of Pavement's **Terror Twilight**, **Brighten the Corners**, and **Slanted & Enchanted**

Next, **Dr. Octagonecologist** by **Dr. Octagon**. This is a truly underrated album and the CD design is very cool.

MF Doom's MM Food is one of my all time favorite albums and one of my favorite CD finds. It also came with a bonus DVD

Lastly, another underrated album; **Viva La Woman** by **Cibo Matto**. Finding this CD inspired me to finally listen to this all the way through and I really enjoyed it.

**I AM TURNING INTO
MY MOTHER**

What you don't understand
is that using various lamps
around my room creates an
ambience that's much more
pleasant than using the
overhead light...
